ABOUT OUR HOME

Shomoa Al Jazeera: Connecting Visions, Empowering Dreams. Embrace the Power of Collaboration and Innovation. Unleashing Opportunities, Transforming Lives. Where Excellence Meets Inspiration. Your Partner in Success, Pioneering a Brighter Future. Together, Let's Shape a World of Boundless Possibilities. Elevate Your Vision with Shomoa Al Jazeera, Making Dreams a Reality.

SUCCESS OF BUSINESS

The success of a business is determined by its ability to meet customer needs, generate profit, and sustain growth.

BUSINESS PORTFOLIO

A business portfolio refers to a collection of products, services, and investments that a company manages to achieve its strategic objectives.

Message from the CEO

I am honored to address you as the CEO of our esteemed construction company, a trusted partner in the industry. Our company stands tall as a leader in providing comprehensive construction solutions, specializing in projects related to oil, petroleum, civil work, and mechanical installations.

At our core, we believe in delivering excellence, quality, and innovation in every endeavor we undertake. As the CEO, I am committed to upholding these values and guiding our organization towards continued growth and success.

The oil and petroleum industry hold immense significance in our global economy, and we are proud to be associated with it. Our expertise in this sector enables us to execute projects with precision, adhering to the highest safety standards and utilizing cutting-edge technologies. We understand the criticality of this sector and strive to be a reliable partner in achieving its objectives.

MOHAMMAD ALAJMI

Furthermore, our proficiency in civil and mechanical construction work allows us to undertake a diverse range of projects. From large-scale infrastructure developments to complex industrial installations, we have a proven track record of delivering projects on time and within budget. Our skilled workforce, coupled with our commitment to quality, ensures that our clients receive unparalleled service and satisfaction.

As we move forward, we remain dedicated to embracing innovation and staying abreast of the latest advancements in the construction industry. We continually invest in our people, equipment, and processes to maintain our competitive edge. By fostering a culture of continuous improvement, we aim to exceed expectations and set new benchmarks in project delivery.

I would also like to extend my gratitude to our clients, partners, and employees who have played a pivotal role in our success story. Our collaborative approach and unwavering commitment to excellence have earned us their trust and confidence.

As we embark on the journey ahead, rest assured that our focus on integrity, sustainability, and ethical practices will remain unwavering. We are determined to contribute positively to the communities in which we operate, while also minimizing our environmental impact.

In conclusion, I am excited about the future prospects of our company and the opportunities that lie ahead. With a dedicated team, a diverse portfolio, and a steadfast commitment to excellence, we are poised to achieve new milestones in the construction industry.

Thank you for your continued support and trust in our company. Together, let us build a better future.

INTRODUCTION

Welcome to Shomoa Al Jazeera, a leading construction company specializing in the development and construction of exquisite villas in Kuwait. With a proven track record and a commitment to excellence, we have successfully undertaken a wide range of villa construction projects, catering to the diverse needs and preferences of our esteemed clientele.

At Shomoa Al Jazeera we understand that constructing a villa is not just about creating a living space; it's about bringing dreams to life. Our team of experienced professionals, including architects, engineers, and skilled craftsmen, possess the expertise and dedication required to transform visions into reality.

With an unwavering focus on quality, our company employs the latest construction techniques and utilizes superior materials to ensure the longevity and durability of every villa we build. We strive to integrate innovative design elements seamlessly, blending aesthetics and functionality to create homes that are both visually stunning and practical for modern living.

What sets us apart is our commitment to customer satisfaction. We recognize that each client is unique, and we approach every project with a tailored and personalized perspective. By working closely with our clients, we aim to understand their specific requirements, preferences, and aspirations, ensuring that the final product exceeds their expectations.

Timeliness is a cornerstone of our operations. We take pride in our ability to complete projects within the agreed-upon timelines without compromising on quality. Our team of dedicated professionals is adept at project management and maintains effective communication and coordination throughout the construction process.

Transparency, integrity, and professionalism are integral to our business values. We believe in fostering long-lasting relationships with our clients, built on trust and mutual respect. Our goal is not only to deliver exceptional villa construction but also to provide a seamless and enjoyable experience for our clients from the initial consultation to the final handover.

Whether you envision a contemporary architectural masterpiece or a traditional villa infused with local charm, Shomoa Al Jazeera is the partner you can rely on. With our wealth of expertise, attention to detail, and unwavering commitment to client satisfaction, we are dedicated to turning your dream villa into a reality.

We invite you to explore our portfolio of completed projects and testimonials from our satisfied clients. Should you have any inquiries or wish to discuss your villa construction project further, our dedicated team is ready to assist you.

Thank you for considering Shomoa Al Jazeera as your trusted partner in villa construction. We look forward to the opportunity of working with you and creating the home of your dreams.

ABOUT COMPANY

The construction company is a highly esteemed and reputable organization known for its comprehensive range of services. With expertise in various sectors, including oil and petroleum projects, civil work, mechanical installations, scaffolding, equipment provision, road work, excavation work, and manpower supply, the company has established itself as a leader in the industry.

Within the realm of oil and petroleum projects, the company demonstrates exceptional proficiency. Their in-depth understanding of the sector enables them to execute projects with meticulous precision, ensuring strict adherence to safety standards and the utilization of cutting-edge technologies. They are recognized as a trusted partner in Kuwait's oil and petroleum industry, consistently delivering exceptional results.

In the field of civil work, the company undertakes a wide array of projects, ranging from large-scale infrastructure developments to intricate industrial installations. Their highly skilled workforce, combined with a commitment to delivering projects on time and to the highest quality standards, sets them apart. By leveraging their expertise and employing innovative techniques, the company consistently exceeds client expectations.

Moreover, the company boasts significant experience in mechanical installations, encompassing a diverse range of systems and equipment. Their adeptness in executing complex mechanical engineering projects enables them to provide efficient and reliable solutions. By staying at the forefront of industry advancements, they ensure the successful implementation of projects across various sectors.

In addition to their core services, the company offers comprehensive scaffolding solutions. Their expertise in this area enables them to provide customized and safe scaffolding systems tailored to specific project requirements. By adhering to stringent safety protocols and employing certified professionals, they ensure that scaffolding is erected and maintained to the highest standards of safety and efficiency.

As an equipment provider, the company ensures access to state-of-the-art machinery and tools, supporting seamless project execution. By offering a diverse range of equipment suitable for various construction needs, they empower clients to achieve optimal results.

Road work and excavation projects are also within the company's scope of expertise. Through meticulous planning, effective project management, and a skilled workforce, they undertake road construction and excavation work with precision and attention to detail. Their commitment to compliance with industry standards and regulations guarantees the successful completion of such projects.

Additionally, the company offers reliable manpower supply services. Their rigorous recruitment and selection processes ensure that clients have access to skilled and qualified professionals who possess the necessary expertise for their projects. By providing competent manpower, they contribute to the efficient and successful execution of construction endeavors.

Overall, the construction company's diverse capabilities, unwavering commitment to excellence, and adherence to professional standards make them a trusted and preferred choice in the industry. Their extensive experience in oil and petroleum projects, civil work, mechanical installations, scaffolding, equipment provision, road work, excavation work, and manpower supply positions them as a reliable partner for a wide range of construction projects, both in Kuwait and beyond.

ABOUT STAFF

The construction company is supported by a dedicated and highly skilled team that encompasses various roles crucial to its operations. This includes the staff, operational manager, technical engineers, office administrators, chairman, directors, cheque managers, site managers, civil engineers, mechanical engineers, electrical engineers, scarf folders, supervisors, and other technical staff.

The operational manager plays a pivotal role in overseeing the day-to-day operations of the company, ensuring smooth workflow, efficient resource allocation, and timely project execution. They are responsible for coordinating various teams and departments to achieve operational excellence.

The technical engineers bring their specialized knowledge and expertise to the table, contributing to the successful implementation of construction projects. They work closely with the design and execution teams, offering technical guidance, conducting site inspections, and resolving engineering challenges.

The office administrators play a crucial role in maintaining efficient administrative processes within the company. They handle tasks such as documentation, correspondence, scheduling, and providing support to different departments, ensuring seamless communication and operational efficiency.

The chairman and directors provide strategic direction and leadership to the company. They set the company's vision, goals, and overall business strategy, ensuring alignment with industry trends and client need.

The cheque managers are responsible for financial management and payment processes. They oversee the company's financial transactions, ensuring accuracy and compliance with financial regulations.

The site managers play a critical role in overseeing construction sites, ensuring adherence to safety protocols, managing resources, and supervising the construction process. They are responsible for coordinating with various teams, subcontractors, and stakeholders to ensure the successful completion of projects.

The civil engineers bring their expertise in designing and managing civil infrastructure projects, ensuring structural integrity, and adherence to building codes and regulations. They work closely with architects, contractors, and project managers to deliver high-quality civil work.

The mechanical engineers contribute to the installation, maintenance, and troubleshooting of mechanical systems and equipment. They are involved in the planning and execution of mechanical installations, ensuring efficient and reliable operation.

The electrical engineers specialize in electrical systems and installations. They design, implement, and maintain electrical systems, ensuring safety, functionality, and compliance with electrical codes and standards.

The scarf folders are responsible for providing specialized solutions in scarf folding, ensuring safe and efficient handling of materials in construction projects.

Supervisors play a crucial role in overseeing and coordinating the activities of the technical staff, ensuring adherence to project schedules, quality standards, and safety protocols.

The remaining technical staff members bring their expertise in various specialized fields related to the company's operations. They contribute to the successful execution of projects, ensuring high-quality workmanship and adherence to industry standards.

Together, this diverse team of professionals forms the backbone of the construction company, working collaboratively to deliver exceptional results, meet client expectations, and drive the company's success in the construction industry.

MANPOWER SUPPLY

Our esteemed company takes immense pride in being a leading manpower supply provider in Kuwait. We have established ourselves as a reliable and reputable organization known for delivering skilled and competent manpower to various industries.

With an extensive database of qualified professionals, we are capable of fulfilling diverse manpower requirements across sectors such as construction, oil and gas, engineering, hospitality, healthcare, and more. Our rigorous recruitment and selection processes ensure that we source and supply individuals with the right skills, qualifications, and experience to meet our clients' specific needs.

Our skilled manpower comprises a wide range of professionals, including engineers, technicians, supervisors, craftsmen, administrative staff, and specialized workers. They bring expertise in various disciplines, including civil engineering, mechanical engineering, electrical engineering, project management, and other technical fields.

We prioritize the continuous development and upskilling of our workforce, providing them with training opportunities and keeping them updated with the latest industry standards and practices. This commitment to enhancing their skills ensures that our manpower remains competent and adaptable to evolving project requirements.

We understand the critical role manpower plays in the success of any project. Therefore, we meticulously assess and match our manpower to the demands and specifications of each project, ensuring that they possess the necessary knowledge and capabilities to contribute effectively.

Moreover, safety is a paramount concern for us. We adhere to strict safety protocols and regulations, and we provide our manpower with comprehensive safety training and equipment to create a secure working environment.

By being a reliable and skilled manpower supply provider, we have gained the trust and confidence of numerous clients across Kuwait. Our dedication to professionalism, reliability, and quality has positioned us as a preferred partner for businesses seeking a competent and committed workforce.

When you choose our company for manpower supply, you can be assured of receiving highly skilled professionals who are capable of meeting your project requirements and contributing to your success.

TOOLS AND MACHINES

Our esteemed construction company is proud to possess a wide array of tools and machines necessary for civil site construction. We understand the importance of having the right equipment to ensure efficient and high-quality project execution. Here are some of the tools and machines available within our company:

1. Excavators: Our fleet includes a range of excavators, allowing us to efficiently excavate and move large volumes of earth during foundation work and trenching.

2. Bulldozers: We have powerful bulldozers that enable us to clear land, level surfaces, and create access roads with precision and speed.

3. Loaders: Our loaders are equipped with versatile buckets, enabling us to handle various materials, such as soil, gravel, or debris, and efficiently load them onto trucks or transport them within the site.

4. Cranes: With our diverse crane inventory, including tower cranes, mobile cranes, and overhead cranes, we can safely lift and move heavy materials and equipment, optimizing productivity on the construction site.

5. Concrete Mixers: We possess a fleet of concrete mixers to produce high-quality concrete mixes on-site, ensuring timely availability and precise consistency for construction projects.

6. Compactors: Our range of compactors allows us to achieve proper compaction and stability for soil, gravel, or asphalt surfaces, ensuring the durability and integrity of our construction work.

7. Scaffolding: We provide safe and reliable scaffolding systems to create temporary work platforms, ensuring secure access to elevated areas during construction or maintenance activities.

8. Concrete Pumps: Our company utilizes advanced concrete pumps that facilitate efficient and accurate placement of concrete, minimizing waste and enhancing productivity.

9. Vibrators: We employ high-quality concrete vibrators to eliminate air bubbles and ensure optimal compaction of concrete during pouring and curing, resulting in strong and durable structures.

10. Power Tools: Our inventory includes a wide range of power tools, such as drills, saws, grinders, and pneumatic hammers, enabling our skilled workers to carry out precise and efficient tasks on-site.

11. Surveying Equipment: We utilize advanced surveying equipment, such as total stations, GPS systems, and laser levels, to ensure accurate measurements, precise alignments, and optimal project layout.

12. Welding Equipment: Our company possesses state-of-the-art welding equipment and skilled welders who can handle various metal fabrication and welding tasks, ensuring robust and secure connections.

13. Safety Equipment: We prioritize the safety of our workforce and provide them with high-quality personal protective equipment (PPE), safety harnesses, hard hats, safety glasses, and other essential safety gear.

By having a comprehensive range of tools and machines at our disposal, our company is fully equipped to undertake civil site construction projects with confidence, efficiency, and utmost professionalism.

Project Over view

The Tanajib Gas Plant project in Saudi Arabia represents a significant milestone in the region's oil and gas sector. Spearheaded by Ahmadiyah Company, this project aims to enhance the production and processing capabilities of the gas plant to meet the growing energy demands of the region. To achieve this, Ahmadiyah Company has partnered with several companies to provide the necessary manpower and expertise, including your company.

Background of Tanajib Gas Plant

The Tanajib Gas Plant, located in the Eastern Province of Saudi Arabia, plays a crucial role in the country's oil and gas sector. It is a key facility for processing natural gas and associated liquids extracted from the surrounding oil fields. The plant's strategic location near the Arabian Gulf ensures easy access to export markets, making it a vital component of Saudi Arabia's energy infrastructure.

Project Objectives

The primary objective of the Tanajib Gas Plant project is to expand its capacity to process natural gas and associated liquids. This expansion is driven by the increasing demand for energy in the region, fueled by population growth and industrial development. By enhancing the plant's capabilities, Ahmadiyah Company aims to ensure a reliable supply of natural gas to meet the region's energy needs.

Scope of Work

Your company's role in the Tanajib Gas Plant project is to provide manpower and expertise in various areas of construction and maintenance. This includes skilled and unskilled labor, engineers, supervisors, and other personnel necessary for the project's execution. Your company's workforce is involved in various aspects of the project, such as:

Key Challenges

The Tanajib Gas Plant project presents several challenges that your company must address to ensure its successful completion. These challenges include:

Logistics: The project site's remote location and harsh environmental conditions pose logistical challenges in terms of transporting manpower, equipment, and materials to and from the site.

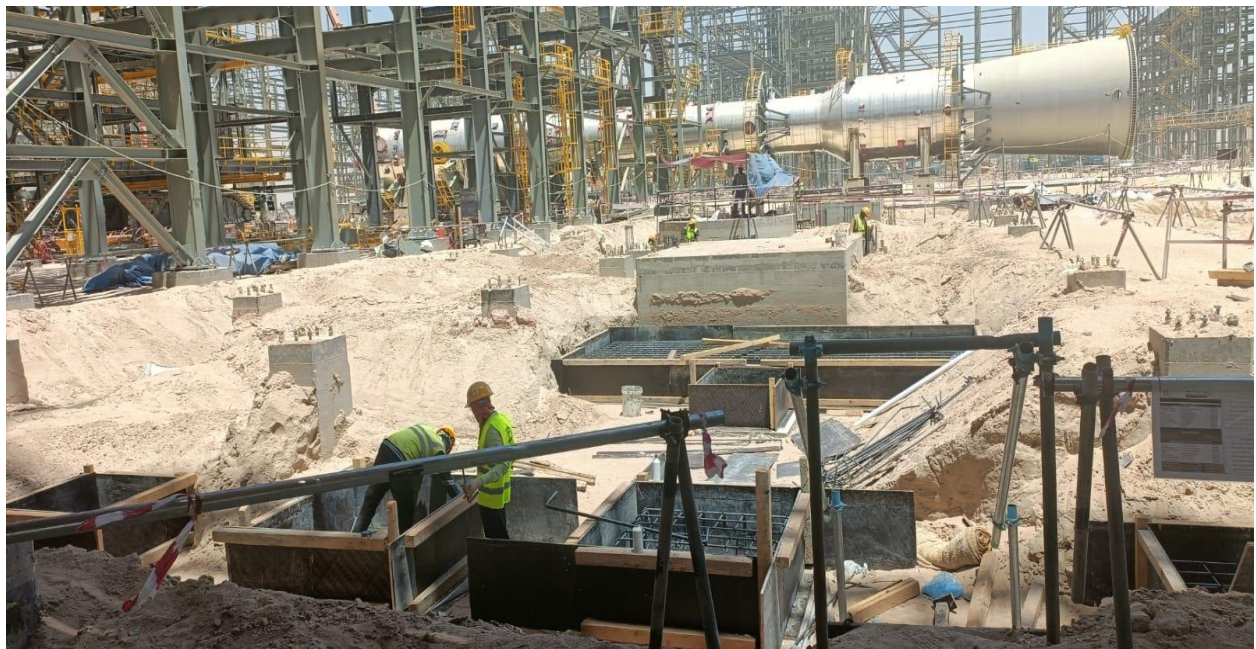

Safety: Ensuring the safety of personnel is paramount, given the hazardous nature of the oil and gas industry. Your company must adhere to strict safety protocols to minimize the risk of accidents and injuries.

Quality Control: Maintaining high standards of quality in construction and maintenance activities is crucial to the plant's long-term performance and reliability.

Resource Management: Efficient management of manpower, equipment, and materials is essential to avoid delays and cost overruns.

Solutions and Innovations

To address these challenges, your company has implemented several solutions and innovations, including:

Advanced Planning: Thorough planning and scheduling of manpower and resources to optimize efficiency and minimize downtime.

Technology Adoption: Utilization of advanced technologies, such as Building Information Modeling (BIM) and digital twins, to improve design accuracy and construction efficiency.

Training and Development: Continuous training and upskilling of personnel to ensure they are equipped with the necessary skills and knowledge to perform their roles effectively and safely.

Collaboration: Collaboration with other project stakeholders, including Ahmadiyah Company and other contractors, to streamline communication and coordination.

Conclusion

In conclusion, the Tanajib Gas Plant project in Saudi Arabia represents a significant opportunity for your company to contribute to the region's energy sector. By providing manpower and expertise, your company plays a crucial role in expanding the plant's capacity and ensuring a reliable supply of natural gas to meet the region's energy needs. Despite the challenges posed by the project, your company's commitment to safety, quality, and innovation will ensure its successful completion and contribute to the region's economic development

PROJECT

Our esteemed company is proud to be associated with the prestigious **Umm Al Hayman Wastewater Treatment Plant** in Kuwait. As a trusted partner in this significant project, we bring our expertise and capabilities to contribute to the successful implementation and operation of this state-of-the-art wastewater treatment facility.

Our involvement in the **Umm Al Hayman Wastewater Treatment Plant** underscores our commitment to environmental sustainability and addressing the pressing need for efficient wastewater management in Kuwait. We understand the importance of treating and disposing of wastewater responsibly, ensuring the protection of public health and the environment.

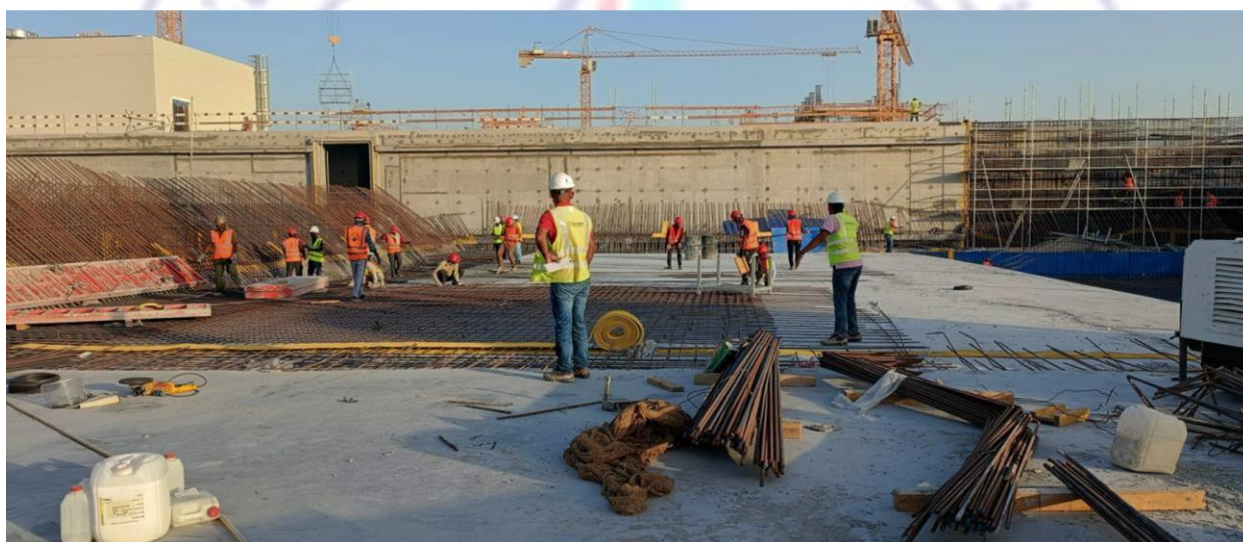

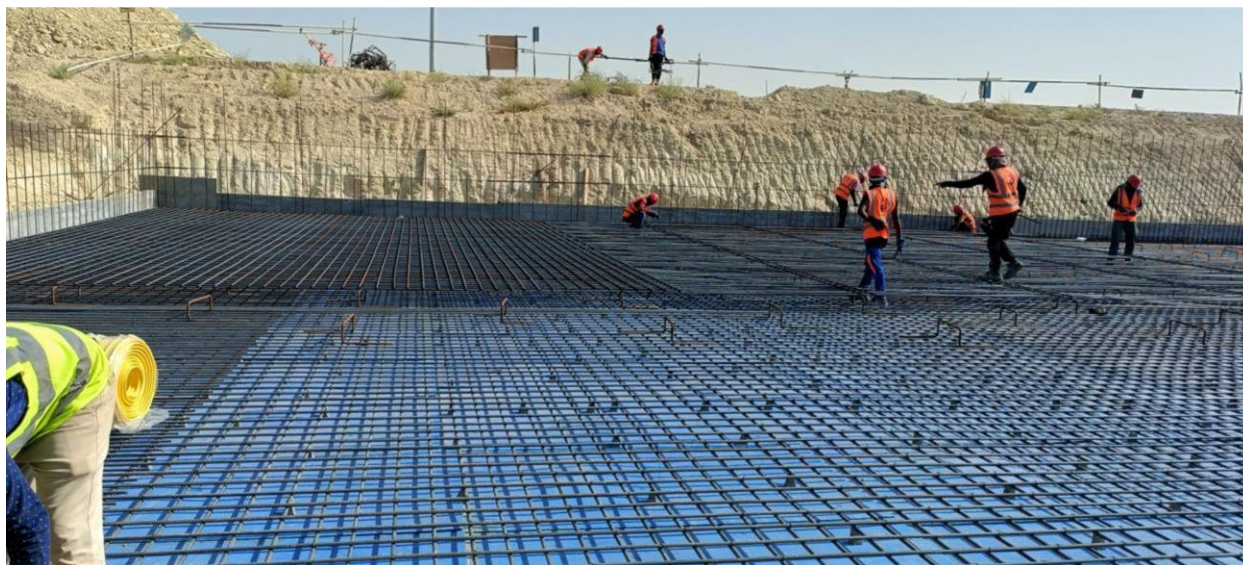

With our extensive experience in the construction and infrastructure sector, we bring valuable insights and specialized knowledge to this project. Our team of skilled professionals, including engineers, technicians, and project managers, work diligently to ensure the seamless execution and completion of the wastewater treatment plant.

We collaborate closely with our clients and stakeholders, including government agencies and engineering consultants, to adhere to project specifications, regulatory requirements, and international standards. We prioritize quality, safety, and efficiency in every aspect of our work, striving to exceed expectations and deliver exceptional results.

By working on the Umm Al Hayman Wastewater Treatment Plant, we contribute to the advancement of Kuwait's wastewater management infrastructure, enhancing the quality of life for residents and safeguarding the environment for future generations. Our dedication to this significant project reflects our commitment to sustainable development and our ability to undertake complex and critical initiatives.

As we continue our involvement in the Umm Al Hayman Wastewater Treatment Plant, we remain focused on delivering excellence, innovation, and long-term value. Our partnership in this project reinforces our position as a trusted and reliable company in the wastewater treatment sector in Kuwait.

In addition to this, it is important to highlight that our company, Shomoa Al Jazeera, is proud to be a sub-contractor of Teixeira Duarte (TD). This collaboration further strengthens our position and demonstrates our expertise in the field of construction and subcontracting.

Teixeira Duarte (TD) is renowned for its excellence in the construction industry, and being chosen as their sub-contractor is a testament to our capabilities and professionalism. This partnership allows us to leverage TD's extensive experience and resources, ensuring the highest quality standards and adherence to project timelines.

As a sub-contractor, we work closely with TD to deliver exceptional results, contributing our specialized skills and knowledge to the projects we undertake together. Our collaborative approach and effective communication ensure seamless coordination and successful project outcomes.

In addition to this, it is important to highlight that our company, Shomoa Al Jazeera, is proud to be a sub-contractor of Teixeira Duarte (TD). This collaboration further strengthens our position and demonstrates our expertise in the field of construction and subcontracting.

Teixeira Duarte (TD) is renowned for its excellence in the construction industry, and being chosen as their sub-contractor is a testament to our capabilities and professionalism. This partnership allows us to leverage TD's extensive experience and resources, ensuring the highest quality standards and adherence to project timelines.

As a sub-contractor, we work closely with TD to deliver exceptional results, contributing our specialized skills and knowledge to the projects we undertake together. Our collaborative approach and effective communication ensure seamless coordination and successful project outcomes.

By partnering with Teixeira Duarte (TD), we combine our strengths and expertise to deliver comprehensive construction solutions, meeting the diverse needs of our clients. This partnership allows us to take on larger and more complex projects, expanding our capabilities and enhancing our reputation in the construction industry.

Together with TD, we are committed to upholding the highest standards of professionalism, quality, and client satisfaction. Our sub-contractor status further solidifies our position as a trusted and reliable construction company, capable of delivering outstanding results within the framework of large-scale projects.

As we continue to work hand in hand with Teixeira Duarte (TD), we are confident in our ability to surpass expectations, exceed project requirements, and contribute to the successful completion of notable construction endeavors in Kuwait.

Interlocking Work & Kerbstone Work:

Interlocking work involves the meticulous laying of interlocking pavers or bricks to create durable and visually appealing surfaces for driveways, pathways, patios, and more. In Kuwait, where the climate can be harsh, with hot summers and occasional dust storms, interlocking pavers offer a practical solution due to their resilience and low maintenance requirements.

In Kuwait, the construction industry is thriving, fueled by rapid urbanization, infrastructure development, and a growing demand for modern amenities. Among the many facets of construction, interlocking work and kerbstone work stand out as essential components in shaping the urban landscape and enhancing the functionality and aesthetics of various outdoor spaces.

Al Wafra Villa Project, a leading construction company specializing in the development and construction of exquisite villas in Kuwait. With a proven track record and a commitment to excellence, we have successfully undertaken a wide range of villa construction projects, catering to the diverse needs and preferences of our esteemed clientele.

At **Al Wafra Villa Project**, we understand that constructing a villa is not just about creating a living space; it's about bringing dreams to life. Our team of experienced professionals, including architects, engineers, and skilled craftsmen, possess the expertise and dedication required to transform visions into reality.

With an unwavering focus on quality, our company employs the latest construction techniques and utilizes superior materials to ensure the longevity and durability of every villa we build. We strive to integrate innovative design elements seamlessly, blending aesthetics and functionality to create homes that are both visually stunning and practical for modern living.

What sets us apart is our commitment to customer satisfaction. We recognize that each client is unique, and we approach every project with a tailored and personalized perspective. By working closely with our clients, we aim to understand their specific requirements, preferences, and aspirations, ensuring that the final product exceeds their expectations.

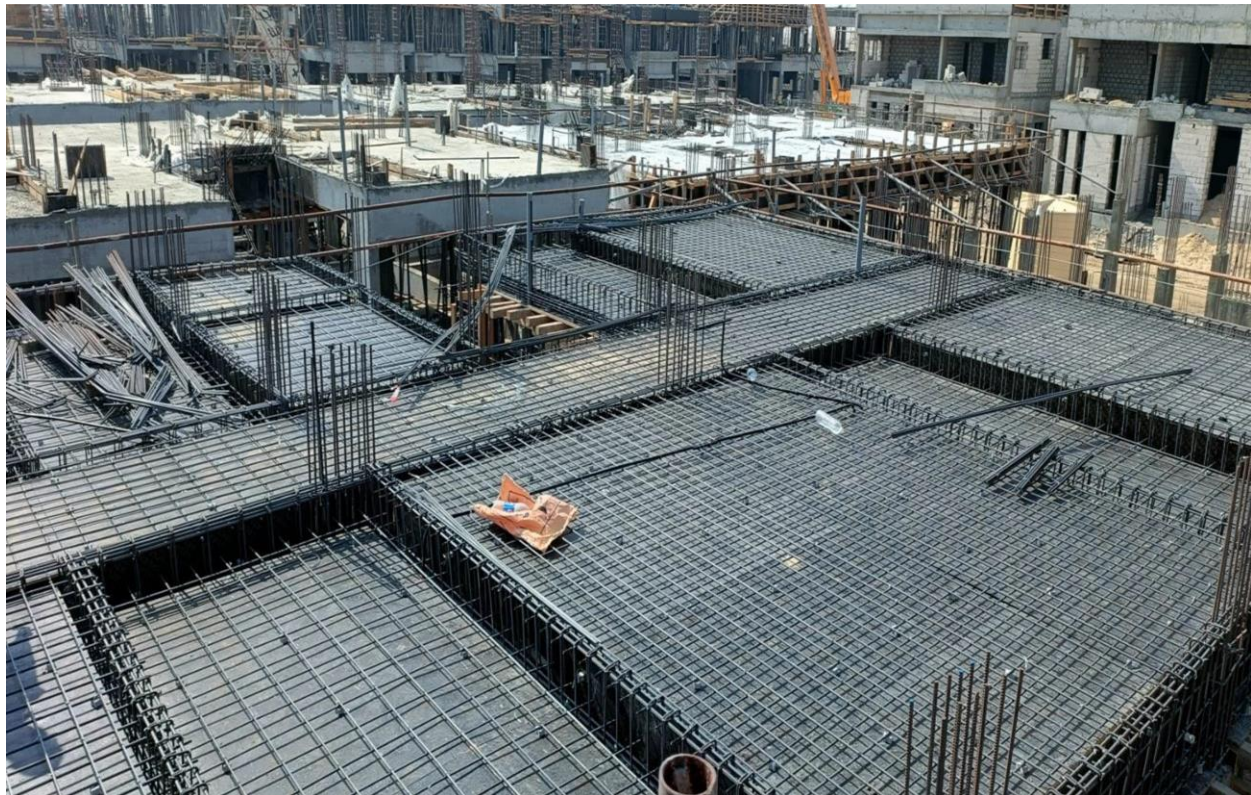

Timeliness is a cornerstone of our operations. We take pride in our ability to complete projects within the agreed-upon timelines without compromising on quality. Transparency, integrity, and professionalism are integral to our business values. We believe in fostering long-lasting relationships with our clients, built on trust and mutual respect. Our goal is not only to deliver exceptional villa construction but also to provide a seamless and enjoyable experience for our clients from the initial consultation to the final handover.

Whether you envision a contemporary architectural masterpiece or a traditional villa infused with local charm, **Al Wafra Villa Project**, is the partner you can rely on. With our wealth of expertise, attention to detail, and unwavering commitment to client satisfaction, we are dedicated to turning your dream villa into a reality.

We invite you to explore our portfolio of completed projects and testimonials from our satisfied clients. Should you have any inquiries or wish to discuss your villa construction project further, our dedicated team is ready to assist you.

Thank you for considering **Al Wafra Villa Project**, as your trusted partner in villa construction. We look forward to the opportunity of working with you and creating the home of your dreams.

Kazma Camp Kuwait National Guard

Our company is a leading provider of exceptional tile work services in Kazma Camp, Kuwait National Guard. With a strong reputation for quality craftsmanship and attention to detail, we have established ourselves as a trusted name in the industry. Our team of highly skilled and experienced tile workers is dedicated to delivering outstanding results that meet the unique needs and specifications of our clients. We understand that every project is different, and we take pride in our ability to adapt and excel in various tile installation and renovation projects.

From small-scale residential projects to large-scale commercial ventures, we have the expertise to handle a wide range of tile work requirements. Whether it's installing tiles for floors, walls, or even intricate mosaic designs, we have the necessary skills and knowledge to execute the job with precision and finesse.

At our company, we understand the importance of quality and precision when it comes to tile installation. Whether it's a residential or commercial project, we ensure that every tile is placed with utmost care and attention to detail. We work closely with our clients to understand their specific requirements and design preferences, ensuring that the end result aligns perfectly with their vision.

We prioritize customer satisfaction and strive to exceed expectations on every project. Our commitment to quality is reflected in our meticulous approach to tile installation, ensuring that every tile is perfectly aligned and securely fixed. We utilize industry-leading tools and techniques to achieve flawless results that enhance the aesthetic appeal and functionality of the space.

EXPERIENCE WITH OTHER COMPANIES

I am delighted to inform you that our company, **Shomoa Al Jazeera** has had the privilege of working closely with some of Kuwait's most esteemed organizations, including Kuwait National Petroleum Company (KNPC), Kuwait Oil Company (KOC), and Kuwait Integrated Petroleum Industries Company (KIPIC).

As a trusted partner, we have had the opportunity to collaborate with these renowned companies and contribute to their impressive operations. Working under their esteemed patronage, we have successfully executed numerous projects and joint ventures, showcasing our expertise and delivering innovative solutions aligned with their strategic objectives.

Our collaboration with KNPC, a leading provider of oil refining and petrochemical manufacturing in Kuwait, has allowed us to enhance operational efficiency, implement sustainable practices, and make significant contributions to the country's economic growth.

Likewise, working under the guidance of KOC, Kuwait's national oil company responsible for oil exploration, field development, and production, we have leveraged our technical capabilities to support their mission of maximizing hydrocarbon reserves.

Additionally, our association with KIPIC, an integrated refining and petrochemical complex, has led to fruitful collaborations aimed at expanding Kuwait's downstream sector and solidifying its position as a global energy player.

Being chosen as a trusted partner by these esteemed Kuwaiti companies is a testament to our company's dedication, professionalism, and ability to deliver exceptional results. We take great pride in working under their banner and strive to uphold their high standards in all our endeavors.

If you require further information or would like to explore potential collaboration opportunities with our company under the patronage of KNPC, KOC, and KIPIC, we would be more than happy to discuss how our collective efforts can contribute to your organization's success.

Thank you for your time and consideration.

Best regards,

Approval of Lower-Tier Subcontractor - Shomoa Al-Jazeera General
Trading & Contracting Company

Reference: Contractor letter 11050146-GK-L-07753 dated 07 July 2013
(Received 07 July 2013)

Dear Sir,

In response to your referenced letter, the Company has no objection to the Contractor's request for its Subcontractor, M/s. IMCO Engineering & Construction Company W.L.L. to enter into low-tier subcontract with the contractor named below for the work defined therein. Approval is subject to the Contractor's compliance with Clause 7.0 "Subcontracting" of the General Conditions of Contract and Clause 17.0 of Appendix D "Project Administration and Coordination Procedure" and that Contractor remains fully responsible for the acts and omissions of its Subcontractors. It is also understood that such subcontracting shall not create any contractual relationship between any Subcontractor, at any tier, and the Company.

Extension of Approval of Lower-tier Subcontractor - M/s Shomoa Al-Jazeera
General Trading & Contracting Co.

Reference: Contractor letter 45654-PK-L-02907 dated 09 March 2013
(Received 10 March 2013)

Dear Sir,

In response to your referenced letter, the Company has no objection to the Contractor's request to extend the duration of the subcontract of M/s Shomoa Al-Jazeera General Trading & Contracting Co. until end of July 2013. During the extended period, the supplied manpower shall be used for the further requirement for manual excavations for pipelines works.

Except for the changes stated in the foregoing paragraph all other terms and conditions, including the scope of the subcontract, shall remain the same as per Company's letter 45654-KP-L-01207 dated 24 May 2012.

The Contractor shall submit for Company's information a copy of the subcontract extension agreement.

This is for your information and action as necessary.

Yours faithfully,
For KUWAIT OIL COMPANY
